Jimmy has over 20,000 pigs roaming free in large paddocks with the benefit of a sea breeze which gives the pork a wonderful taste. ### BARKHAM BLUE (v)

Barkham Blue has a delicious unique flavour due to its rich milk. When mature it becomes very soft and buttery which melts in the mouth and does not leave the harsh metallic taste sometimes associated with blue cheese.

### BIX

Bix is a soft, unpasteurised, triple cream cheese, named after the village where the herd grazes. The recipe is loosely based on that of a Chaource, a luxuriant white-rind cheese from Champagne country in northern France. Made by Rose Grimond at Nettlebed Creamery Henly on Thames.

### ST THOM

St Thom is a unpasteurised goat's milk cheese made in Worcester. A unique goats' cheese with a bloomy rind and soft texture with light goaty and citrus flavours. A true artisan cheese

### ROLL RIGHT

This rich buttery cheese has the nutty boskiness of styles like Reblochon or a mild Munster. The farm has a mixed selection of cattle but a large proportion are Swiss Brown — an ancient breed from the Swiss Alps whose milk is ideally suited for cheesemaking.

### QUICKES CHEDDAR (v)

Traditional cheddar, matured for a year, cloth bound which produces the deep rich flavour unique to cheddar made on Quicke's Farm in Exeter.
